# SCHR. ADA STRUCK

The schooner Ada of French Frigate Shoal fame has again come into public notice; this time by running ashore in Ptarl Harbor. After her last salving trip to the Shoal the little schooner's owner, Alec. Dowsett, took her from Captain Weisbarth and had her refit-ted to run in the firewood trade. The schooner was coming up from Pearl Harbor last Saturday on one of her first trips when thi accident happened. The Ada left Puuloa early in the aft-

ernoon with a load of firewood for this ernoon with a load of Brewood for this city. When she was almost out of Pearl Lochs, she struck a calm and put about to go back and anchor in the harbor. On her way back she ran aground on a bank on the outer side of the shark pen.

After endeavoring in vain for some

time to get the vessel off a telephone message was sent for assistance. The tug Rover, Captain R. H. Caughell, was sent to the Ada's aid, arriving on the scene at about 3 p. m. After about three-quarters of an hour's hard work the Rover successful in floating, the the Rover succeeded in floating the schooner, which made the trip to Ho-nolulu safety. It is not thought that the Ada has

been damaged to any extent as the bank she was on was sandy. She will be carefully examined as soon as she has discharged her cargo of firewood,
